ADDENDUM
OFFICIAL GAME RULES
QUICK DRAW GAME RULES
BULLSEYE

The following rules have been adopted by the New Jersey State Lottery Commission pursuant to the authorization contained in N.J.S.A. 5:9-7 as an addendum to the rules governing the Quick Draw Game to govern the operation of the “Bullseye” feature.

Unless otherwise defined or the context clearly indicates otherwise, all capitalized terms used in this Addendum shall have the same meaning as defined in the Official Quick Draw Game Rules. The BULLSEYE feature will be administered under the Quick Draw Game Rules except as herein provided. The additional rules are as follows:

1. DEFINITIONS

BULLSEYE – means an optional feature that gives Players the opportunity to win bigger prizes and get more chances to win. During the Quick Draw drawing, one of the winning 20 numbers drawn every five minutes will be designated as the Bullseye number.

2. GAME PLAY

- a. The BULLSEYE play option may be purchased for double the Player’s base Wager or multiples thereof in the case of a Multi-Draw Wager at the discretion of the Player.
- b. During each Quick Draw drawing, one number will be randomly selected and designated as the Bullseye number. The Bullseye number available for selection is one of the 20 winning numbers (from the pool of 80 Quick Draw numbers) that are selected during each Quick Draw Drawing. The Bullseye number selected during each drawing is generated by a computer-driven random number generator.
- c. There are three ways to win when Bullseye is added to a Quick Draw play:
 - i. Match your number to the Bullseye number drawn with no other Quick Draw numbers matching those numbers drawn.
 - ii. Match your numbers to the Bullseye number and additional Quick Draw numbers drawn.
 - iii. Match your Quick Draw numbers to those drawn with no Bullseye number match.

3. PRIZE STRUCTURE

- a. The Prize Fund for the aggregate of all Bullseye Prize Levels shall consist of 55.06% of the Bullseye gross sales receipts for each Drawing, plus the carryover amount, if any. The Prize Pools are generated from the Prize Fund.
- i. The amount of the Prize Pool may be supplemented by proceeds from the unclaimed prize reserve or any part thereof for purposes of increasing the fixed prize awards at such times and in such a manner as the Lottery Director shall determine. The unclaimed prize reserve will be credited an amount equal to a maximum of 70% of the daily prize obligation forfeitures.
- b. Odds of Winning with Bullseye are shown below:
