Players Can Now Multiply Quick Draw Prizes

TRENTON (June 4, 2021) – New Jersey Lottery players will have the opportunity to increase their non-jackpot prizes by up to ten times when playing Quick Draw, now with multiplier. For just a dollar, players can multiply their prize by the Quick Draw Multiplier number drawn, up to ten times! Quick Draw Multiplier is available starting this Monday, June 7, 2021.

As part of each Quick Draw drawing, held every four minutes, an additional Quick Draw Multiplier number will be drawn. Depending on the number drawn, players who added Multiplier to their wager will see the prize multiplied by 1, 2, 3, 4, 5, or 10 times!

Quick Draw is a game of chance that provides players with a field of 80 numbers from which to choose up to 10 numbers. The Lottery draws 20 numbers and, depending on how many numbers players match, they win a prize. Drawings are held every five minutes and the winning numbers are displayed on television screens in the retail locations.

More information on odds, prizes, and complete rules can be found at NJLottery.com.
